"Total security and peace of mind for members of the music industry and their families"

There is a need for high profile individuals to have access to a professional security service, which will provide a 24 hour response in any country in the world with one telephone call. Castlebank's Executive Security Programme has been designed to provide effective personal risk management with full operational response in an emergency to resolve any situation.

Castlebank is a leading security and investigations company with a very professional and dedicated security management team supported by well trained, professional and motivated personnel drawn mainly from the British Armed Forces.
